WHEN IT COMES TO DIGITAL WE MEAN BUSINESS...

Contract Price Savings

Contract Prices Available Online

Your personal login provides access to your specific range of contracted products, ensuring you are buying at the best price every time you place an order.

Cost Savings and Product Range Advice

Ability to restrict certain locations, contracts or users to a specific range of products, ensuring you have full compliance and no Health & Safety issues on site. We ensure that the products we supply meet all the required legal and professional industry standards.

Top Quality Products

We work with many global partners to provide a wide range of quality products from industry-leading manufacturers, who constantly offer you innovation and great choice. Getting your product range right is essential to improving efficiency and productivity on site.

Flexible Online Ordering

Multi User Account Facilities

User logins are available for all your team members with different access levels to suit your business requirements.

Budget Permissions and Approval Workflows

The flexible and secure Spend Control options are available to allow you to set budgets by User, Location or Account; plus Approval Workflows, where orders can be Accepted, Modified or Declined.

Product Rationalisation and Restrictions

Our platform will reduce costly administration by giving you the ability to tailor product ranges and restrict certain locations, contracts or users to a specific range of products.

My Company

The bespoke customer administration dashboard puts you in control of product access, budgets, users and much more.

Mobile Website

Our mobile site has been created to give you all of the benefits of the desktop site whilst you are on the move. We have ensured that our mobile Advantage site is compatible with all mobile devices and will automatically detect that you are using a mobile device.

WHEN IT COMES TO DIGITAL WE MEAN BUSINESS...

Your Account, Your Way

Electronic Invoicing

Invoices can be consolidated or individually sent electronically, depending on your preference. We also have the digital capability to invoice via P2P systems such as Ariba or OB10. Our Credit Control team are on hand to discuss the best option for your business.

Corporate Purchasing Cards (CPC)

For customers who prefer to use purchasing cards we can offer this facility online.

VAT-Exempt Purchasing for Qualifying Organisations

If your business or organisation is eligible for VAT-free purchases we can accommodate this for you.

Purchasing System Integration

We have extensive experience and expertise in providing Electronic Catalogues to our customers. We can integrate into your existing purchasing system and provide electronic catalogue data for your contracted product range. In addition we can also provide a Punchout link.

When it comes to digital we mean business...
