

# Swarfega® Jizer

## Water Rinsable Parts Degreaser

### PRODUCT DESCRIPTION

Water rinsable parts degreaser that will quickly dissolve heavy deposits of mineral oil, grease, tar, bitumen and waxes. Should NOT be rinsed into drains or water courses.

### WHERE TO USE

General industrial and automotive environments.

### INSTRUCTIONS FOR USE

Apply neat by dipping, brushing, wiping or low pressure spray. Leave for a few minutes to break down and dissolve soiling. Remove by rinsing with water, blow dry with an airline or wipe dry with a tissue or cloth. To prevent rusting, treat cleaned metals with Swarfega Duck Oil. To remove tar spots, oil marks etc from bodywork, pour onto a cloth and rub gently.

**CAUTION:** Cannot be used on tarmac surfaces and can affect some types of plastics, rubber, bitumen and asphalt. Before use, test compatibility with surface to be cleaned by applying to a small area first

**DISPOSAL:** Dispose of waste to a licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Avoid the spillage or runoff entering drains, sewers or watercourses.

FEATURES	BENEFITS
<b>Powerful</b>	Effective dissolving action will remove heavy deposits of mineral oil, grease, tar, bitumen, and waxes from a wide range of metals, plastics and painted surfaces.
<b>Economic</b>	Concentrated strength and high absorption rate ensures only a small amount will remove a high level of soiling.
<b>Effective</b>	Quickly and thoroughly cleans engines, motors, components and parts and machinery and tools.
<b>High Flash Point</b>	Reduced risk of flammability due to flash point of not less than 61°C making it safer to use than many other degreasers.
<b>Versatile</b>	Can be used for removing oil and grease marks from many floor surfaces, tar spots and oil from body work and cleaning paint brushes.
<b>Water Rinsable</b>	Special emulsifiers ensure soiling can be easily rinsed off with water leaving surfaces clean and non-greasy.
<b>Reusable</b>	When used in parts washing equipment, rapidly separates from dirt and grime for repeated usage and high economy in use.
