Absorption Capability (Test Method BS7959-1:2004)	Up to 0.60 litres per kg

Bag Size	Bags per Pallet	Product Code	Approx Absorption per Bag
20 litres	63	UK406L	Up to 9 litres

Disposal Information

Oil-Dri products must be disposed of in compliance with local authority guidelines. Because various fluids absorbed may be of toxic or hazardous nature, Oil-Dri does not recommend disposal procedures.

Before using this product in a spill incident, a risk assessment should be carried out and the hazardous properties and dangerous reactions should be taken into account.
