

Horizon Bio

The professional choice for your laundry

Horizon Bio

- Biological action
- Excellent cleaning performance
- Exceptional stain removal
- Prevents greying of whites

Excellent Cleaning Results

Horizon Bio provides a high quality, air-dried, low density formulation, offering the cleaning performance and freshness you would expect from this industry respected brand. Horizon Bio is tough on stains and leaves whites glowing, whilst still kind and gentle next to sensitive skin.

Simple and cost effective choice

Horizon Bio can be manually dosed, providing an ideal solution for customers that prefer the convenience of powder or perhaps do not have the space for automatic dosing equipment.

As one of the most cost effective systems in the market place, Horizon Bio will deliver professional results and offers great value for money.

Horizon Bio

Top tips

- Always check the care label.
- Sort your washing into whites, light colours and dark colours and then by fabric groups.
- Keep clean and dirty washing separated.
- Never overload the machine as this may cause poor wash results and damage to the garments.
- Always use the correct product dose according to water hardness and soil level.

| Technical data | | | |
|----------------|------------------------|------------|---|
| Appearance | white solid | Dose level | Light soil: 45-115 ml (29-74 g) – up to 108 ml/70 g |
| Density | 0.65 g/cm ³ | | Medium soil: 108-150 ml (70-96 g) |
| | | | Heavy soil: 150-220 ml (96-140 g) |

| Product | Article code | Pack size | Bar code |
