SYSTEM

Multipurpose polypropylene trolley, modular and customisable to meet every cleaning need
Ideal to carry cleaning tools in environments where the material should be kept safely in the trolley

GREEN BOX

Components made with certified recycled plastic PSV - Plastic Second Life

Equipped with buckets with recycled plastic components

First CFP Systematic Approach certified in Italy: the system developed by TTS makes it possible to quantify greenhouse gas emissions for each stage of the product life cycle
Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Advantages

- **Hygienic:** the plastic frames clearly separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Modular:** components and accessories allow you to customize the trolley for every need, making it easy to update or repair at any time
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **Highest safety:** key system to manage safely the trolley
- **Discrete:** the slowly closing of the lid assures a noiseless moving
- **Customisable:** the panels of the trolley can be customized with decorative motifs, advertising or with the image of the cleaning company to make the trolley a means of communication

Material

Polypropylene

Features

Magic Line configurations designed in order to meet the needs of those who don't need a washing system. They are equipped with 4 L colour coded buckets and 100 mm wheels
