

Orange Citrus Degreaser Concentrate

Cleanline® Eco Orange Citrus Degreaser Concentrate is a naturally powerful and highly versatile heavy-duty cleaner. Ideal for cleaning most surfaces including floors, walls, concrete, terrazzo, worktops and carpets and upholstery.

- Highly versatile multi-purpose cleaner may be used at different concentrations to fulfil a range of cleaning applications.
- Naturally powerful citrus formula rapidly lifts grease, fats and vegetable oils from tiled and safety floors reducing risks of slips and falls.
- Lifts grease and carbon deposits from ovens, griddles, BBQ's and all types of ducting and extraction filter equipment.
- Effective at removing ink stains, scuffs and sticky finger marks from desks, worktops, hard floors and walls.
- Can be used for spot cleaning carpet and upholstery.
- The cleaning power and fragrance of natural limonene derived from oranges assists product identification and cleaning performance.
- 5 Litre bottle made in the UK from minimum 40% recycled material.
- For spray cleaning application, use with the labelled Cleanline **T5** Orange Citrus Degreaser reuse and refill bottle.

RECOMMENDED DILUTION:

Dilute according to cleaning task and soiling level.

Light duty floor cleaning:	Dilute up to 1 in 200 parts water.	Bucket: Add 25ml or 50ml per 5 litres of water.
General cleaning:	Dilute up to 1 in 100 parts water.	Bucket: Add 50ml per 5 litres of water.
		T5 Trigger spray bottle: Add 15ml to 600ml of water.
Heavy duty degreasing: (removing scuffs marks and heavy grease/oil)	Dilute up to 1 in 25 parts water.	T5 Trigger bottle: Add 25ml to 600ml of water.
Carpet and upholstery spot cleaning.	Dilute up to 1 in 10 parts water	T5 Trigger bottle: Add 60ml to 600ml of water.

CODE AND CASE SIZE:

CL4045 - 5 Litre (supplied in case of 4)

CL9005 - Empty **T5** labelled trigger spray bottle

PRODUCT INFORMATION:

UFI: 05G7-G01R-R009-2NT7

Appearance: Orange Liquid

Odour: Citrus

Oxidising: Non-oxidising (by EC criteria)

Solubility: Fully miscible with water

Viscosity: Non-viscous

Flash point: > 65 °C

pH as supplied: 8 - 10

Packaging: Bottle made from 40% recycled HDPE

QUALITY ASSURANCE:

This product is manufactured in the UK for Bunzl UK & Ireland and produced under ISO 9001 Quality Management System & ISO 14001 Environmental Management Systems. This product has not been tested on animals.

ENVIRONMENTAL:

All surfactants used in Cleanline products comply with the current European regulations concerning biodegradability & protection of the environment.

SAFE HANDLING:

Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing, or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

SAFE STORAGE:

Store sealed in original container in a cool, well ventilated area away from direct sunlight and extremes of temperature.

Product information continued for Cleanline Eco Orange Citrus Degreaser Concentrate

ENSURE YOU ARE WEARING THE RECOMMENDED PERSONAL PROTECTIVE EQUIPMENT (PPE) AND HAVE THE CORRECT EQUIPMENT FOR THIS TASK.

DIRECTIONS FOR USE:

Floor cleaning: Make sure hard floors are swept and free from loose debris. Apply the solution with a mop, walking backwards mopping in an "S" shape pattern. Allow contact time but do not allow the solution to dry. If required, agitate the surface using a deck scrub brush in all directions. Use a grout brush to scrub between any grout lines and edging. Remove the soiled solution then rinse the surface with clean water. Allow to air dry. For heavy soiling, increase the concentration.

Hard surface spray & wipe cleaning: Remove any loose soiling from surface. Apply the solution to the surface with a clean cloth and allow contact time. Agitate/wipe surface as required and rinse thoroughly with clean water. Buff with a clean cloth/paper towel and allow to air dry.

Heavy duty cleaning and degreasing of hobs, canopies, grill bars, hot plates: Remove any loose soiling from surface. Apply the solution to the surface with a clean cloth and allow contact time. Gently scrub/agitate surface with a suitable griddle pad/scouring pad/wire brush. Rinse thoroughly with clean water and allow to air dry.

Spot Cleaning: Carefully remove excess soil before cleaning. Avoid smearing and spreading the stain. Dab dry with a paper towel or cloth to absorb liquid soil. Always test for colour fastness in an inconspicuous area before use. Spray directly onto the surface, leave for a few seconds then dab dry with a clean paper towel or clean damp cloth. Do not rub the surface as this will abrade the fabric. Repeat several times until the stain is gone.

PRO TIP: POLISH STAINLESS STEEL SURFACES BY USING A SMALL AMOUNT OF SOLUTION AND DRY PAPER IN A CIRCULAR MOTION.

IMPORTANT ALWAYS TEST AN INCONSPICUOUS AREA OF THE CARPET FOR COLOUR-FASTNESS BEFORE USE

IMPORTANT ALWAYS TEST AN INCONSPICUOUS AREA BEFORE USING ON ALUMINIUM. PROLONGED IMMERSION MAY SHOW SOME ATTACK ON CERTAIN ALUMINIUM ALLOYS.
