

Detectable Beerline Cleaner

Cleanline® Detectable Beerline Cleaner is a powerful chlorinated alkaline detergent with colour indicating additive specifically formulated to clean beer dispensing lines, tanks and taps.

- Powerful chlorinated alkaline detergent for cleaning of all beer dispensing equipment including lines, tanks and taps.
- Regular treatment maintains clear beer dispensing lines and reduces the risk of beer fogging occurring.
- Unique colour changing additive indicator additive shows when dispensing lines are clean.
- Removes yeast and bacteria which accumulate on plastic beer dispensing lines during normal usage.
- Will not adhere to the internal surface of nylon or polyethylene line so tainting and head retention problems are eliminated.
- 5 litre white bottle made in the UK from at least 40% recycled HDPE.

RECOMMENDED DILUTION: Dilute according to water hardness and beer line soiling level

For use in soft/medium water areas:	Dilute up to 1 in 120 parts water	Add 10ml per 1 litre of water.
For use in hard water areas:	Dilute 1 in 40 parts water	Add 25ml per 1 litre of water.

ENSURE YOU ARE WEARING RECOMMENDED PERSONAL PROTECTIVE EQUIPMENT (PPE) AND HAVE THE CORRECT EQUIPMENT FOR THIS TASK.

INSTRUCTIONS FOR USE

Cleaning: Draw the beer through the line by flushing with clean water. Dilute accordingly based on water hardness. Draw the prepared solution through the dispense tap until the solution becomes purple. Leave to soak between 5 to 30 minutes depending on level of soiling. Draw of the solution and check the colour.

Rinsing: If the colour is not purple repeat the cleaning process until the purple colour is evident. Remove the cleaning solution by flushing the line with water until there is no trace of colour in the rinse water. To ensure no traces remain in the system draw a further 5 litres of clean water then reconnect beer line.

CODE AND CASE SIZE:

CL1076 - 5 Litre (supplied in case of 4)

PRODUCT INFORMATION:

UFI Code: A7K8-E02C-A00S-P64U
Appearance: Dark purple liquid
Odour: Characteristic odour
Oxidising: Non-oxidising (by EC criteria)
Solubility: Fully miscible with water
Viscosity: Non-viscous
pH as supplied: >11.5
Packaging: 5 litre white bottle made from 40% recycled HDPE.

QUALITY ASSURANCE:

This product is manufactured in the UK for Bunzl UK & Ireland and produced under ISO 9001 Quality Management System & ISO 14001 Environmental Management Systems. This product has not been tested on animals.

ENVIRONMENTAL:

All surfactants used in Cleanline products comply with the current European regulations concerning biodegradability & protection of the environment.

SAFE HANDLING:

Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

SAFE STORAGE:

Store sealed in original container in a cool, well ventilated area away from direct sunlight and extremes of temperature.
