

medipal flushable dry wipes

Medipal Flushable Dry Wipes are designed for everyday cleansing and refreshing – both for skin and surfaces. They are gentle and kind for total peace of mind.

Why choose our wipes?

- Soft and gentle
- Specially formulated for use on fragile skin or for those with skin conditions

- Dual application: compatible with skin cleansing products for patient and detergents or disinfectants for surfaces
- Large size wipes with high absorbency for full body cleansing
- Less product usage for cost saving

- Biodegradable / eco-friendly pulp wipes
- 100% natural materials easily break down into non-toxic components
- Cause no harm to the environment

- Fully flushable and maceratable
- Passed all 7 EDANA and INDA Flushability Test Standards

- Manufactured in our facilities in the UK, certified under ISO 9001, 13485 and 14001
